

Cupid has been sighted flying around  
After he leaves, sweets and goodies are found.  
Post this valentine and a treat for a co-worker to see  
But make sure you keep your identity a mystery!

## HOW TO SPREAD THE LOVE:

Make two copies of this sheet. Cut your original sheet on the line and display your "I've Been Struck" sign so others know cupid has already stopped by.

Now it's your turn to strike someone with cupid's arrow! Choose two people in the office without "I've Been Struck" signs and secretly leave them a small treat with a copy of the instructions. The goal is to have cupid visit as many people as possible by February 14th, so make sure to strike two more people within 24 hours!

I'VE BEEN STRUCK   
 BY CUPID'S arrow!
